

Another Launch, Another Chance To Help

Launched on the 1st November by the British Dental Health Foundation at the House of Commons, the Mouth Cancer Action Month campaign returned once more to take on oral cancer.

Supported by Denplan, Dentists' Provident, Smile-on and the Association of Dental Groups (ADG), the campaign was officially launched by **(INSERT PERSON)**.

With Dr Nigel Carter OBE, Chief Executive of the British Dental Health Foundation and David Worskett, Chair of the ADG also in attendance, this year's message was clear.

"If the dental and wider health profession can inform and urge patients to regularly attend dental check-ups, we can increase the chances of mouth cancer being detected at an early stage.

"Please join us by helping to raise awareness of mouth cancer and make a positive difference to thousands of lives" said Dr Nigel Carter OBE.

Whether it's donning your blue ribbon, organising a fundraising event or making monetary donations, your input and support can make a difference, all year round.

Remember – its not too late to get involved.
