Association of Dental Groups

The Association of Dental Groups (ADG) is delighted to announce that Teeth Team has been awarded the first ever Outstanding Innovation Award from the British Society of Paediatric Dentistry (BSPD).

“On behalf of the Association, I would like to congratulate Teeth Team on receiving such a prestigious accolade – it is richly deserved,” comments David Worskett, Chair of the ADG.

On winning the award Chris Groombridge, Teeth Team’s Chair of Trustees, said: “I’m hoping that in obtaining this award, of which we are thrilled to have won, we will be able to extend our reach and make a difference to even more young lives.”

In recognition of the achievement, Teeth Team has been invited to make a presentation at the upcoming Annual Conference and Scientific Meeting in September. “It is an absolute honour and a privilege to be given the opportunity to speak at such a prestigious event,” adds Chris, “and we look forward to spreading the word about the work that we do.”
