

Association of Dental Groups

Mouth Cancer Action Month

1st - 30th NOVEMBER 2016

Mouth Cancer CPD Module Returns

As part of this year's Mouth Cancer Action Month, which the Association of Dental Groups (ADG) is delighted to be sponsoring for the fourth year running, the mouth cancer CPD module has returned to aid dentists in their campaign to improve patient knowledge and raise awareness.

The module, which was designed by {my}dentist is available to download from the ADG's website and is free to all dentists and oral health professionals in the UK.

If you wish to apply for a CPD certificate, there is a small fee of just £25 plus VAT, £5 of which will be donated to the Oral Health Foundation and the all-important Mouth Cancer Action Month campaign.

Mouth cancer is a prevailing concern in the UK, so make sure you play your part today.
