

# Association of Dental Groups

## A voice for dental providers

The Association of Dental Groups (ADG) promotes high quality dentistry throughout its membership of dental providers. It also utilises its collective knowledge and expertise to drive change and support government decisions for the ultimate benefit of patients and all dental practices in the UK.

### Neil Lloyd, CEO of Dental Partners, commented:

*“Dental Partners joined the ADG to have a greater voice as the profession goes through a period of intense change – for example with the new potential contract and Brexit. The ADG meetings have been a great source of information and advice on a wide range of topics affecting the dental profession and corporate dentistry in particular.”*
